

OD TRUCKLOAD SERVICES

NEED MORE, GET MORE.

At OD, we are laser focused on your business. And, sometimes, your needs go beyond an LTL solution. That's why we offer safe, convenient, and dependable solutions for your truckload freight as well.

OD Truckload Services provides an array of options to meet your needs. Truckload Services can help you manage through peak shipping cycles with additional equipment capacity, handle dedicated trailer needs, or special projects.

Use OD Truckload Services to quickly access thousands of pre-screened carriers, and avoid those that may be uninsured, underinsured, or have unsatisfactory safety ratings from the DOT. OD requires its carriers to carry a minimum \$100,000 cargo liability.

For quick and easy access to rate estimates for Truckload Services, call, email or visit:

PRIORITIZE YOUR SHIPMENT WITH OD'S TRUCKLOAD PLUS

Upgrade to Truckload Plus for an extra level of confidence and peace of mind that your freight moves on your timeline. Truckload Plus prioritizes your shipment within the OD Brokerage system where we monitor it in real time to best fit your schedule. If we don't get the freight where it needs to be, when it needs to be there, your freight bill will be reduced to the standard Truckload charge upon request.

Helping The World
Keep Promises®

GET WHAT YOU NEED:

Dry Van, Flatbed, Refrigeration, Door-to-Door Rail Services, and other Special Services
